## Dartmouth Vs Commercial Annual Fishing Competition

The event was well attended with 30 Anglers in the Competition on a weekend, the weather could only be described as wet and very uncomfortable. The Commercial Club tried hard to beat the Dartmouth Alpine Anglers but the Dartmouth Alpine Anglers produce quality Trout presenting 8 over a kilo. A good weekend with the dinner on the Saturday evening, along with the trivia, was enjoyed by all. Orange seemed to be the predominant colours for the weekend with one boat getting 7 on the Friday then fishless on the Saturday and fish again on the Sunday. Gus from Commercial Club had good success with an orange Tillans at 50 feet down on the down rigger and the lure only 2 feet behind the bomb.
